**“Maralys Wills . . . She is clearly a force to be reckoned with.”**

—SIDNEY SHELDON

Author, *The Other Side of Midnight*

In Maralys Wills new memoir, *A Clown in the Trunk*, the family that once took to the skies now rollicks across the landscape in other conveyances—from a broken-down van to the *QE2*, from a tiny Festiva with police escort to the Orient Express. Older now, but probably no wiser, Maralys Wills and her troupe find ad-

venture lurking where no one else would think to look. As they’ve done twice before, the family must close ranks to cope with tragedy.

*A Clown in the Trunk* picks up where *A Circus without Elephants* leaves off. For the full story order *both* and save. Trade paperback, 6 x 9”.
